OFFICIAL ACADEMIC STUDY MATERIAL - CSE CURRICULUM

Experiment 7: User Authentication Servlet with Cookies & Session Tracking

Course: Advanced Java Programming Laboratory [23CS3504]
Category: Experiments / Practicals | Experiment #7 | Academic Year: 2026-27

---

1. Overview & Objective:

Implement a secure login/logout portal tracking session timeout and credentials.

2. Practical Tasks & Verification Steps:

1. Construct LoginServlet validating credentials against database and initiating request.getSession .
2. Store authenticated user profile attributes in session object and set 15-minute inactive timeout.
3. Build DashboardServlet checking session presence and redirecting unauthorized visitors to login.
4. Implement LogoutServlet invalidating session with session.invalidate and clearing auth cookies.

Submission Guidelines & Verification:

This document verifies end-to-end PDF storage, preview, and download for CampusNotes.
